On page 15, line 23, change "110" to --160--.

On page 18, line 31, after "memory" insert -130--.

On page 49, line 2, change "120" to --130-.

On page 20, line 32, change "512" to --520--.

In the claims:

Kindly amend claims 1 and 12.

For the Examiner's convenience, all claims **pending** are indicated below.

1. (Amended Twice) A display controller for receiving video data from a data bus in a component YUV format and storing the video data to a display memory in a pixel video format, said display controller comprising:

bus interface means, coupled to the data bus, for receiving video data in a component YUV format and corresponding video data addresses within a predetermined address range; and

a display memory controller, coupled to said bus interface means, for receiving video data in a component YUV format in contiguous successive streams of luminance and
